Stevenson Major Groups

Most of the Stevenson's listed on the Chickasaw and Choctaw Freedmen Rolls are descendants from one of three (3) major Stevenson Groups: Mobile Stevenson, Steven Stevenson and Mack James Stevenson

I have not been able to determine the relationship between Mobile, Mack and Steven. They may be brothers but I have found no evidence to support this claim. However, my family oral history (per Adam "Joe" Stevenson) has it that there were two (related/unrelated???) branches of the STEVENSONs.

Each branch resided on one side or the other of Arbuckle Mountain and did not maintain contact due to a family "rift". There are some (living) family members (Henry Shannon et al) who had family on each side of the rift/mountain and visited on both sides of the mountain as a child. He knows that there was some family rift and that the families did not maintain contact; but he was not privy to the cause of the rift. Nevertheless, I believe that 3 major groups are related. Interestingly enough, these groups all decided to take the surname Stevenson.

Each major group has their own descendant report document. The following descendant report is for Steve(n) Stevenson.
